

# PRESS RELEASE

For Immediate Use: 15 February 2008

## Local Musicians perform live in cosy city café bar Lock Works

Lock Works café bar located in the historic Chubb Buildings will play host to a night of acoustic music from local musicians on Thursday 21 February, 7.30-10.30pm. Live at Lock Works... will feature performances from Dan Whitehouse, Naomi Phoenix, Rick Williams and Jimm Zombie and is a free event. A quiet oasis amongst the hustle and bustle of the city centre, Lock Works café bar offers a relaxed atmosphere to unwind and meet up with friends at a special programme of events. Situated beside Light House Box Office and Gallery, Lock Works opens out into the glazed courtyard at the centre of the historic Chubb Buildings.

Live at Lock Works... will be Dan Whitehouse's first gig in the Midlands since playing a headline show at Birmingham's Glee Club in December and 2007 saw him supporting artists including Julian Cope, Maria McKee, Paddy Casey, David Kitt, Joseph Arthur, and Josh Ritter. Dan will be joined by Naomi Phoenix, whose soulful voice has been likened to Joni Mitchell and PJ Harvey; Rick Williams, whose work has been likened to classic British songwriters such as Nick Lowe and Elvis Costello; and Jimm Zombie, the former lead singer of Wolverhampton band 'The Domino Effect' whose influences range from Elliot Smith to Television. The night promises to have an intimate and relaxed atmosphere, with plenty of hot and cold drinks, alcoholic beverages and snacks available from Lock Works bar.
